

Full-Time **Trash Room** **Odor Control**

The Complete **Air** and **Surface Odor Solution**

Your **All Natural - Totally Safe** Odor Neutralizing Solution
for **Effective, Hassle-Free Results!**

Trash Room Operators Need Full-Time **Odor Control!**

WE PROVIDE A COMPREHENSIVE TRASH ROOM ODOR SOLUTION – one that combines *Advanced Technologies*, and *proven All-Natural Odor Neutralizers*. Now you can do more than ‘mask’ odors with passive systems that rely on ineffective perfumes. We make it possible to eliminate odors at their source.

OUR TWO-STEP SYSTEM uses a combined approach – neutralizing Airborne Odors from accumulated waste using our Advanced *AirStreme™* Misting System with Powerful All-Natural Reactants; and by eliminating odor sources in, around, and under Trash Bins using *BioStreme™* Micronutrients to promote Beneficial Bacterial Processes. *Count on us for consistent, effective odor control every day of the year!*

Technically Advanced Misting Solution

FINALLY AN ODOR CONTROL SYSTEM that consistently delivers superior Odor Relief exactly where its needed! Each installation is customized to meet the unique needs of each space – requiring no modifications to base-building structures or mechanical equipment. A self-sufficient pump/controller unit and stand-alone Misting Odor Neutralizer reservoir delivers years of trouble-free operation. *All that's required is a standard 110V or 220V connection!*

Pump/Control Features

- Digital Back-Lit Display
- Adjustable Spray Cycle & Interval Timing
- Tamper-Proof Lock-Out Controls
- Easy Touch-Pad Programming
- UL & CSA Approved
- Corrosion-Resistant Case

Your Hassle-Free '2-Step' Odor Solution!

WE MAKE IT SIMPLE TO MAINTAIN ODOR-FREE CONDITIONS. We will not only install your System – *we'll design your complete, easy-to-live-with Odor Control Program!* The *AirStreme™* System's high level of automation means that in most situations, your Trash Room will only need attention once a month. First, your System Reservoir will need topping-up with *AirStreme™* Solution. Then, your bins, handling equipment, and Trash Room area will need spraying-down with the *BioStreme™* Surface Foamer. *In minutes your operators are done. Or Contract the work out for even more convenience!*

Airborne Odor Control

UNLIKE SIMPLE MASKING AGENTS, our Misting Odor Neutralizer contains powerful reactants made from essential oils, surfactants, and aromatics. Airborne droplets attract and neutralize odors through active chemical processes.

- Airborne Misting Odor Neutralizer
- Neutralized Odor
- Odor

Surface Odor Control

PROPRIETARY MICRONUTRIENTS soak into trash room floors and bins and other problem surfaces, shifting the balance from anaerobic bacteria (*odorous*) to facultative bacteria (*non-odorous*). Our micronutrient formula encourages the growth of naturally occurring, beneficial odor eliminating bacteria.
