

## 111F Foaming Biochemical Odor Neutralizer

### Combination Odor Control for Solid Waste & Wastewater Applications

#### BIOSTREME™ 111F FOAMING MICRONUTRIENT CONCENTRATE

provides a convenient solution to manage surfaces where noxious odors are generated.

BioStreme™ 111F is applied with a foaming applicator to visibly coat problem surfaces. The penetrating foam soaks into trash room floors, bins and other problem surfaces, allowing the micronutrients to direct the microbiology of the decomposing organic matter.

This topical formulation is an elegantly simple solution to odor problems originating from tipping floors, storage bins, and plant equipment surfaces. The foaming micronutrient blend can also provide effective visible coverage of lagoons and solid waste working faces.

#### Technical Profile

This product attacks odor in three ways. The foaming application visibly blankets the surface ensuring even distribution, the BioStreme™ micronutrient blend manages the odor-producing biological processes at their source, and a powerful contact deodorizer provides immediate odor relief for long term treatment.

BioStreme™ is a micronutrient formulation which employs a natural, non-toxic, and biodegradable blend of amino acids, essential oils, vitamins, minerals, purines, pyrimidines, and complex organic extracts that aid in organic decomposition without producing odorous byproducts. It is completely safe to handle and use, and employs no enzymes, bacteria or hazardous chemicals.

#### Usage Instructions

Topical Spray Application: Apply direct to problem surfaces or waste materials using a foaming applicator. HydraLogic recommends the HydroFoamer™.

#### Application Rate:

Set HydroFoamer™ to 1 part concentrate to 25 parts water.

**Eliminates Soaked-In Odor Sources**

**Controls Noxious Odors**

**Reduces Clean-Up Time and Costs**

**Effective & Long Lasting**

**Natural & Biodegradable**

**Safe & Non Toxic**

#### Application Sites

- Landfill Sites
- Transfer Stations
- Compost Operations
- Recycling Centres
- Wastewater Facilities
- Commercial Properties
- Apartments & Hotels
- Restaurants
- Grocery Stores

#### Application Areas

- Tipping Floors & Pits
- Weigh Scales
- Driveways & Loading Areas
- Trash and Compactor Rooms
- Haulage Vehicles
- Ponds/Lagoons

#### Package Options

CODE#	DESCRIPTION	WEIGHT
300-016	4 x 4L Bottles/Case	36lbs
300-020	20L Pail	50lbs
300-205	205L Drum	500lbs
